Bulletproof Weekly Planner Application Post Usability Study Questionnaire

(Please mark your response with an X)

Name: Temur Mirzosharipov

(1) Strongly Agree (2) Agree (3) Neutral (4) Disagree (5) Strongly Disagree					
Questions	1	2	3	4	5
The menu items were well organized and functions were easy to find.			X		
Comments: In my opinion, put 'Colorblind mode' to the navigation menu is not the best idea.					
I could easily locate the links I needed to navigate through the website.			X		
Comments: Some concerns about right click for drop-down menu.					
It wasn't clear to me where links would take me on the website.		X			
Comments: Navigation bar for straightforward and easy to navigate between different pages. However, the colourblind mode shouldn't be in that menu					

Interactable features behaved as I expected.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
Comments: No concerns at that point, all stuff behaved as I expected.					
I didn't like the overall colour palette of the website	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
Comments: Simple and light palette, good choice. For the future, implement 'dark theme' as well.					
I found the user interface cluttered	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X	<input type="checkbox"/>
Comments: A bit too much stuff on the 'week page', wasn't easy enough to figure out what some things mean in the calendar from the first look.					
I found the application visually appealing	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X
Comments: 					
The application felt intuitive to use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	X	<input type="checkbox"/>
Comments: Some stuff wasn't easy enough to uncover, for example, dropdown menu or how an admin can change a password for a user.					

The application felt unresponsive to my actions					X
<p>Comments:</p> <p>I was getting an appropriate response to each of my actions.</p>					
The application load times were appropriate.					X
<p>Comments:</p> <p>Great response time between pages.</p>
