SPRINT PLANNING 7

DATE: 13/08/2018

SPRINT GOALS (*What is the MVP once the backlog is completed?*)

- **By the end of Sprint** 7, clients will have customs colour attached to them.
- **By the end of Sprint** 7, users will be able to choose a custom colour for the clients.
- **By the end of Sprint** 7, users will not be able to enter in non-alphanumeric characters for names, roles, or abbreviations.
- **By the end of Sprint** 7, the client table will be alternatively shaded.
- **By the end of Sprint** 7, multiple users will be able to use the application at once.
- **By the end of Sprint** 7, when a user is on leave, there will be a strong visual indicator.
- **By the end of Sprint** 7, when an allocation is moused over, the date, time and client name are highlighted.
- **By the end of Sprint** 7, there will be a button to remove all consultants and clients from the board.
