SPRINT PLANNING

DATE: 28/08/2018

SPRINT GOALS (*What is the MVP once the backlog is completed?*)

- **By the end of Sprint 8,** clients will have customs colour attached to them, which are represented in the month calendar and weekly calendar.
- **By the end of Sprint 8,** office-status of a consultant during an allocation will be represented by an icon (One for at-home/One for at-client-office)
- **By the end of Sprint 8,** users will be able to see the last time a consultant row was updated
- **By the end of Sprint 8,** a consultant on leave will be able to represent this information in a visually distinct way on the weekly calendar.
- **By the end of Sprint 8**, users will be able to use ENTER to finish entering the login, registration and add consultant/client inputs.

WORK ASSIGNMENT

- Dan
  - Will create icons for use on the weekly calendar. Will work together with Tristan to implement the icons, custom colours and LEAVE status on the weekly calendar view
- Junha
  - Will add the ENTER event listener to the input events throughout the site.
- Tristan
  - Will work together with Dan to implement the icons, custom colours and LEAVE status on the weekly calendar view
