SPRINT PLANNING

DATE: 09/04/2018

SPRINT GOALS (*What is the MVP once the backlog is completed?*)

- **By the end of sprint 1**, we will have a web application running as an addon to the Jira client.
- **By the end of sprint 1**, our application will have a mock UI.
- **By the end of sprint 1**, we will have had a meeting with our client to discuss if he wants and application in Jira or a standalone website.
- **By the end of sprint 1**, we will know how to retrieve user information from a private cloud instance of Jira.
- **By the end of sprint 1**, we will have a product backlog.

WORK ASSIGNMENT
